

## SmartFloor Datasheet

<b>Image parameters</b>	<ul style="list-style-type: none"> <li>– Resolution XGA (1024 x 768 pixels)</li> <li>– Brightness 3500 ANSI lumens</li> <li>– Displaying the image directly on the floor – without using the technology of image reflection through a mirror</li> </ul>
<b>Physical parameters</b>	<ul style="list-style-type: none"> <li>– Device size: 33,3 x 29,8 x 18,6 cm</li> <li>– The device contains a built-in PC class computer</li> <li>– CPU with 4 cores (PassMark score 3095 points)</li> <li>– Built-in speaker with a nominal power of 10 W RMS</li> <li>– 2 ports USB 3.2 Gen 1</li> <li>– HDMI port output</li> </ul>
<b>Functionality</b>	<ul style="list-style-type: none"> <li>– Ability to support five types of interactions (motion, interactive pens. Robots. Tablets and hands)</li> <li>– 4 interactive pens in set - 3 short (14 cm) and 1 long (44-92 cm)</li> <li>– 70 movement games, 22 interactive pen games and 12 hand games (on table)</li> <li>– Possibility to make up to 4 simultaneous games with interactive pens</li> <li>– Possibility to buy games in a built-in store</li> <li>– Device controlled by a single remote control</li> <li>– Supported interface languages: Polish, English, Italian, Spanish, Ukrainian, Portuguese and French</li> <li>– Ability to control the device using an Android mobile phone (via a local Wi-Fi network)</li> <li>– Wireless connection to the Internet or using an RJ-45 cable</li> <li>– Access to free updates via the Internet</li> <li>– Access to the remote service via the Internet (without active user participation)</li> <li>– Calibration is not required when assembling according to the manufacturer's guidelines</li> <li>– Automatic calibration – requiring no user participation</li> <li>– Ability to create automatically switching lists of games with the possibility of personalization (playlisty)</li> <li>– Ability to test all games before buying them (demo versions of the applications)</li> <li>– Built-in database of advice, answers to the most frequently asked questions and reported problems (help center)</li> </ul>
<b>Installation</b>	<ul style="list-style-type: none"> <li>– Possibility of mounting on a wall, ceiling (optional) or a mobile stand (optional)</li> <li>– VESA mount 100 mm x 100 mm</li> </ul>
<b>Warranty and service</b>	<ul style="list-style-type: none"> <li>– Life lamp: 15000 hours in Eco mode</li> <li>– 2 year warranty (1 year warranty for projector lamp)</li> <li>– Technical service support, by phone and on-line – ISO 9001 and 14001 certificate for the service</li> <li>– Full user manual in Polish and English</li> </ul>

## Mobile stand datasheet

<b>Physical parameters</b>	<ul style="list-style-type: none"><li>– Base sizes: 91 cm x 45 cm x 8 cm</li><li>– Mast height: 178 cm</li></ul>
<b>Functionality</b>	<ul style="list-style-type: none"><li>– Possibility to adjust the height of the handle in 10 cm increments: from 126 cm to 166 cm</li><li>– Possibility to move the stand thanks to mounter wheels</li><li>– Front caster with locking function</li><li>– Possibility to secure cables inside the stand (Power, Ethernet, HDMI)</li><li>– Possibility to unfold the stand</li></ul>

## Table datasheet

<b>Physical parameters</b>	<ul style="list-style-type: none"><li>– Countertop size: 160 cm x 150 cm x 1,2 cm</li><li>– Table height: 71 cm</li><li>– Weight: 41 kg</li></ul>
<b>Functionality</b>	<ul style="list-style-type: none"><li>– Ability to fold the table into a compact form: 160 cm x 76 cm x 11,5 cm</li><li>– Option to attach the mobile stand to table to create a table projection with additional hand, motion and pen interaction</li><li>– Anti-reflective tabletop surface</li></ul>
